The Kwong Kow Chinese School is the oldest Chinese school in Boston, founded in 1916 by the Chinese Merchants Association to help maintain the Chinese heritage among overseas Chinese. The school received its 501c3 designation in 1981 and today continues to fulfill a critical need for quality out of school programming for children in kindergarten through grade 9. After school, weekend and summer programs include homework assistance, Chinese language, performing arts and history as well as Math and English.
