

# Kwong Kow Chinese School

## 中華廣教學校

## Adult Chinese Program

"KKCS has a first-rate Mandarin Chinese program. Our teacher's attention to the details in the classroom—correct pronunciation, tones and grammar—ensure that her students will be successful speaking Mandarin outside of the classroom. She also has a knack for teaching Chinese characters. She tells stories about them, explains their individual radicals and parts, and makes them easy to learn."

—— John B.

"Learning Chinese at KKCS has been a wonderful experience. Our teacher, Serena Li, has a gift for teaching and is vested in the success of her students. Although Chinese initially appears to be difficult, her expertise makes learning a cinch."

—— Hazel C.

"The presentation of Chinese culture throughout the classes also is a welcomed added spice to life at KKCS. The course is fun and intellectually stimulating as well as very useful in our multicultural City of Boston and beyond. I strongly recommend KKCS's Chinese class."

—— Christine S.
